RE: Compliance Inspection Letter  
Bobby Gene York, III Poultry Farm - TN0080284  
Fentress County, TN

Dear Mr. York:

On March 14 and 20, 2012, Division of Water Pollution Control (WPC) personnel from the Cookeville Environmental Field Office conducted a Compliance Evaluation Inspection of your Individual Concentrated Animal Feeding Operation (CAFO) located at 1105 Old Sunbright Road in Fentress County.

Permit, Nutrient Management Plan (NMP), Records

The State Operating Permit, for TN0080284, was not on site at the time of the initial inspection. A copy of the Nutrient Management Plan (NMP) was viewed on the second date of the inspection but is required to be on site at all times. Records for litter removal were not on site during the initial site visit. Appendix's B and C of the CAFO's Notice of Intent should be on site at all times along with litter removal records.

Litter Storage / Handling / Disposal

During the inspection, it was noted that litter was covering the aprons and spilled onto the gravel area at each door. Under terms and conditions of your CAFO permit, the NMP must be followed and does not allow uncovered outside litter storage. Also, litter was spilled onto and around the concrete pad of the litter storage shed. Drainage issues in this area are allowing runoff to contact litter and discharge to a wetland on site. The NMP does not allow any discharge from the site.

Required Actions

A written response should be submitted to the Cookeville Environmental Field Office by April 16, 2012. This response must include an explanation of the activities, descriptions of the methods used to remedy the above-mentioned issues and a time frame for completion of the remediation activities. Please take time to read and familiarize yourself with the entire updated General SOP for CAFOs located at <http://www.tn.gov/environment/wpc/pdf/sopc00000pmt.pdf>.

If you have any questions or comments, you may contact me at (931) 432-4015 or by electronic mail at [Greta.Hurst@tn.gov](mailto:Greta.Hurst@tn.gov).

Respectfully,

Greta Hurst  
Environmental Specialist
